All members are requested to be present at the meeting next Tuesday evening.

From a letter received from J. P. Adams, formerly of Forest City, Mo., we learn that he is at Garfield, Washington, D. C., and is very busy. He has traveled over the whole of the United States since leaving Holt county, engaged in selling a machine for transcribing and filing business letters.

Nodaway county's financial statement has just been published, and it shows the startling announcement, that the county court has issued warrants beyond the revenue as follows: Paper found \$1,200.00; bridge found, \$3,000.00; salary, \$2,000.00. Just where this court obtains its authority for issuing warrants beyond its revenue, we are not aware, surely not from the present statutes of Missouri, which positively prohibits such proceedings. We would not care to be on the bond of the county treasurer who would pay those warrants from the revenue of 1898. The statement consumed 21 columns of the Nodaway Democrat and Republican.

Robert Marshall, who lives near Lexington, has a personal property at auction sale. This is a very rare opportunity to make some changes. Mr. Marshall's case is a good illustration of what a center can do in Nodaway county. He has lived on a coal farm ever since he came to Nodaway county, and his personal property sold at last Thursday's sale brought over \$1,000. He now owns a farm near Lexington, and is rapidly getting his share of this world's goods.
